# ABOUT US

Your Trusted Partner in Premium Charcoal Supply

## Who We Are

ECOCO NUSANTARA specializing in high-grade coconut shell charcoal briquettes, bridging Indonesia's rich natural resources with global premium energy demands.

## Full Supply Chain Control

We fully manage every step of the process, from ethical raw material sourcing and precision carbonization to final export-grade packaging.

## Our Commitment

To serve international distributors, shisha/BBQ brands, and wholesalers with unmatched consistency, long-term partnership, and bulletproof quality.

Production Capacity

# 150 Metric Tons / Month

# WHY CHOOSE US?

FROM NATURE TO GLOBAL DESTINATIONS

How We Craft the Perfect Burn

# 1

## Ethically Sourced, Community Rooted

We partner directly with local collectors under Fair Trade principles. This supports our local community with fair wages while ensuring a steady, reliable supply chain for your business.

# 2

## Premium Source, Superior Burn

By using only 100% mature coconut shells, our briquettes deliver a significantly higher calorific value, exceptionally low ash content, and a longer, more stable burning time without sparking.

# 3

## White-Label Charcoal, Tailored to Your Market

We offer 100% customization for product specifications (ash content, moisture, shapes) and packaging (custom inner & master boxes) to perfectly match your market demands.

# WHY CHOOSE US?

FROM NATURE TO GLOBAL DESTINATIONS

How We Craft the Perfect Burn

## 4

### Ready for the Global Stage

Strictly Compliant with Global Market Standards. Our briquettes undergo rigorous quality control and are tested by accredited independent laboratories to ensure that every shipment strictly meets international export standards

## 5

### Reliable Export Management & Legal Integrity

As a legally registered corporation, we ensure secure and hassle-free transactions. We handle all critical export compliance and logistics from MSDS documents to smooth port handling.

# CUSTOM SPESIFICATION

Your Brand, Your Formula. Tailored to Your Market Demands.

## A Custom Shapes & Precision Sizes

Beyond our standard Cube, Hexagonal, and Finger shapes, we accept custom molding requests. You define the exact dimensions (mm) and weight per piece, and our high-pressure machinery will deliver them with absolute precision.

## C Lab Parameters

Need specific chemical properties? We can customize and fine-tune our production parameters including moisture levels, fixed carbon percentages, and burning duration to perfectly align with your local market regulations.

## B Private Label Packaging (OEM)

Complete your brand identity with our private label service. We support fully customized inner box designs, master carton printing, and specialized moisture-proof packaging plastic to ensure your brand arrives premium and ready for the shelf.
